MSMD Operations Report for December 2022

December water operations completed the monthly Bac-T sampling with no issues. Monthly water meter reading and water usage performed on 12-22-22. LFH-3 is running and feeding into the system. Installation on the new 16" for the filter plant is scheduled to be wrapped up around 12-9-22. Part of the filter plant expansion requires a full shut down of the pressure supply system. Steps are being taken to minimize interruption but will require coordination with CDPHE. The 2 MG tank is scheduled to have the door cut in and part of the blasting equipment installed first week in January. The old checks have been removed with one new valve and a solid sleeve replacing them. On 12-19-22 RMS Crane set the two larger cargo containers at the tanks. Some cleanup is needed at the tanks and will be worked on over the winter.

Parks staff received their playground inspection kit and have been going through the play structures. Staff also removed snow from the couple of storms that came through. A special rake was ordered to help try and remove mowed debris. The new skid steer was delivered on 12-29-22. The Parks and Drainage Department is accepting applications for two open positions and hoping to have those filled prior to spring start up.

Staff performed weekly infiltration gallery inspections and recorded water level logging data. Monthly flow measurement and calculations were taken on 12-21-22.

The irrigation pond has been drained in preparation for winter maintenance and removal of accumulated sediment and algae removal.

Wastewater operations staff completed weekly composite sampling and drop off to Cherokee. The filter plant manhole was also cleaned on 12-1-22 and 12-16-22. The elevated pressure process continues for at the lift station. Regional requires the district to use a plumbing contractor for the regulator and piping changes. Staff met with Landmark Plumbing to review options. From the last couple storms the larger heater has had intermittent issues staying running stressing the need for elevated pressure. A potential new hire has been chosen and currently working through the offer process. Upcoming or continued water tasks:

January 4th, 2023 Recreation Board Report

Usage Numbers December 1-28, 2022

Total Attendance – 8398 Group Ex – 524 participants. Of those we received \$264 from non-members Childcare attendance – 153 Parents Night Out – 25 children. Parties – 4 parties

Revenue collected - \$8,716.00

Pulse Check:

The recreation center slowed in December as it does every year. We hosted Cookies with Santa, and a Holiday Craft Market which both went very well and had strong participation. We had multiple weather closures that were communicated and understood by the community.

Youth sports took a break in December as attendance drops around the holidays. Youth basketball registration for the new year is under way and going well. BJJ had 15 participants in December and continues to go well. Swim lessons also took a break in December and will resume in January with strong registrations.

Annual maintenance continues and planning for 2023 projects is occurring with meetings scheduled for January regarding the locker room remodel.

The recreation center and staff are ready for 2023 and will be starting approved projects immediately.
